Truman Signs Housing Bill

Asks Quick Action To Put It In Effect

Washington, July 15—(AP)—With "deep satisfaction," President Truman signed the long range housing bill into law today.

Then he called for quick action to put into effect its three main features, which call for:

- Construction of 810,000 public-owned low-rental housing units in the next six years.
- A five-year multi-billion dollar slum clearance program.
- A \$25,000,000 farm housing program.

Will Ask For Funds

Mr. Truman announced he will ask congress immediately for funds needed to finance the three-part program this year.

The signing ceremony, held at noon at the White House, was attended by more than 20 notables from congress, the housing agencies, and labor and veterans organizations. Mr. Truman gave the pen with which he signed the bill to David Lawrence of Pittsburgh, representing the U.S. conference of mayors.

Wants Decent Homes

The President issued a statement saying the objective is "a decent home and a suitable living environment for every American family."

He said the new law "opens up the prospect of decent homes in wholesome surroundings for low-income families now living in the squalor of the slums" and initiates a program to help farmers obtain better homes, too.

Enactment of the housing law was Mr. Truman's first victory in this session of congress for the domestic program he calls the "fair deal."

The federal government will meet one-third of the cost of the slum clearance program, local communities the balance. The bill authorizes \$1,000,000,000 in loans and \$500,000,000 in grants for this work.

Question Convict On Rape Slaying Of Rinearson Girl

Chicago, June 15—(AP)—A red haired California serving a term for robbery was questioned today in connection with the rape slaying last December of 10-year-old Roberta Rinearson.

Capt. Dan Gilbert of the state's attorney's office identified the convict as Robert "Red" Laird, 26, of Tecopa, Calif. He was also arrested last September near where the Rinearson girl's body was found on a charge of molesting two children, but the DuPage county grand jury voted no indictment.

Laird has denied he was involved in the Rinearson killing last Dec. 10, and has agreed to take a lie detector test Monday.

The child's ravished body was found in a lonely ditch just inside the Western Cook county boundary near a cemetery. She had been beaten, gagged, raped, and finally strangled. She was last seen alive the evening before her body was found. At that time she told her two sisters she was going to a movie in nearby LaGrange, a Chicago suburb.

She lived in suburban Brookfield.

Mortar Shell Is Taken From Boy, 7

Urbana, Ill., July 15—(AP)—Life is calmer in the Urbana City Hall now that a mortar shell has been removed from a safe in the building.

Police Magistrate James D. Maizis put the shell there for safe-keeping recently after receiving it from seven-year-old Ronnie Runyan, who said he found it atop a trash pile on the University of Illinois campus.

Ronnie had kept it for several days as a toy. Neighbors summoned police when they saw the boy playing games with it in his backyard.

Maizis turned the shell over to an army detachment from nearby Chanute air base today.

IHC EMPLOYEES BUY 560,000 SHARES

Chicago, July 15—(AP)—The International Harvester company announced today that 12,224 employees have bought 560,000 shares of company common stock.

The purchases were made under an employee stock sharing plan adopted by the board of directors in May. A total of 70,299 IHC employees in the U. S. and Canada were eligible. More than half those subscribing were in manufacturing or raw materials operations.

Price was \$20 a share. Employees were limited to one-third of their annual salaries.

12 Germans Killed And Many Injured As Depot Explodes

Pruem, Germany, July 15—(AP)—A French army depot exploded tonight, killing 12 Germans, injuring scores more, and leaving hundreds homeless in the vicinity of this west German town.

German police said the death toll may go higher.

The entire northern part of the town was destroyed, police said. Pruem is about 45 miles west of Cologne and near the junction of the German, Belgian and Luxembourg frontiers.

Cause of the explosion was not determined, but no sabotage is suspected.

The depot, operated by French occupation forces, was in a former air raid shelter built into a hill.

The depot stored such explosives as TNT and dynamite, but no ammunition was known to be stored there, police said.

They described it as an underground depot about 120 yards long and four yards wide, with two entrances about 70 yards apart. The area was restricted and guarded by French officers.

Greer Carson And Col. E. E. Fagelson Wed In Santa Fe

Santa Fe, N. M., July 15—(AP)—Auburn-haired screen actress Greer Carson, 36, became the bride today of Col. E. E. (Buddy) Fagelson, wealthy Texas rancher oil man and sportsman.

The wedding ceremony was performed before a shrub-banked fireplace in the home of Fletcher Carson, Santa Fe attorney, by Justice James McGhee of the New Mexico supreme court. About 20 friends of the couple were present.

They left shortly after the ceremony for a brief wedding trip. Fagelson said they will return in a few days to his Forked Lightning ranch near Santa Fe.

Miss Carson said she plans to return to Hollywood soon to begin work on a sequel to "Mrs. Miniver," the war film which boosted her to screen fame. She recently completed "The Forsyte Saga."

East, West Come Forward With Bid For Leader Of GOP

Washington, July 15—(AP)—East and West came forward today with "harmony" candidates for chairman of the Republican National committee.

Senator Wherry, of Nebraska, Senate GOP floor leader, got formally behind A. T. "Bert" Howard, of Scottsbluff, Neb.

Friends of Gov. Dewey of New York and Senator Taft of Ohio were reported favoring former Senator John Danaher of Connecticut.

Rep. Hugh D. Scott, Jr., said yesterday he would quit the chairmanship if a successor could be found who could bring harmony to the faction-split party.

He has laid down the condition that such a man must have the support of at least 80 per cent of the 106-member committee.

Howard, Nebraska state chairman, is reported to have considerable support among westerners. He has not as yet said he would not accept the job, as some others have done.

Salesman Loses Finger In Gadget, Sues His Company

Chicago, July 15—(AP)—A salesman asked \$50,000 damages today, claiming the "steak cutting" machine he was selling made hamburger of his finger.

Hugo Nelson, 52, filed suit in both circuit and superior courts against the Cube Steak Machine company of suburban Oak Park. Each suit asked \$25,000 damages.

Nelson said the "dangerous nature" of the gadget never was explained to him.

His attorney, George Sandstone, said Nelson was told "the meat goes through faster when the guard is off," so he used it that way and it did.

He said the machine was "a dangerous piece of machinery" and that he had been told it was safe.

Senators Hit Mystery Meet

SAYS VOICE OF U. S. CAUSED LUBLIN DEATHS

Warsaw, Poland, July 15—(AP)—A Polish government spokesman charged today the Voice of America "shares responsibility for the blood in Lublin."

Thousands of Roman Catholics poured into the eastern Polish city of Lublin this week to see a reported wedding virgin picture in Lublin cathedral. In the stampede one person was killed, 10 injured.

The government spokesman charged that a "reactionary part of the clergy" aided by U. S. government radio broadcasts—Voice of America—instigated the tale of the reported miracle.

They described it as an underground depot about 120 yards long and four yards wide, with two entrances about 70 yards apart. The area was restricted and guarded by French officers.

State VFW Meet Hears Call For US Bonus For Vets

Springfield, Ill., July 15—(AP)—Demands for a federal bonus to World War II veterans were heard today at the 30th annual meeting of the Veterans of Foreign Wars, Illinois department.

The bonus proposal was brought before the convention's opening session in the form of a resolution, one of a sheaf that some 2,000 delegates will act on tomorrow and Sunday.

It called for \$3 a day to veterans for domestic and \$4 a day for foreign service. A \$4,500 ceiling on payments was suggested.

A second resolution urged denial of veterans benefits to wartime members of the merchant marine, the Red Cross and other non-military or quasi-military groups.

A third sought to put the state VFW organization on record against a military staff for secretary of defense, a permanent chairman of the joint chiefs of staff or appointments leading toward a "Prussian-type single general staff."

Ford Workers Give Strike Approval By 7-1 Majority

Detroit, July 15—(AP)—Ford workers across the nation have voted strike approval by a 7-1 margin, the CIO United Auto Workers reported today.

Strike approval does not necessarily mean there will be a walk-out. It simply gives union officers authority to call one.

Today's expiration date for the present Ford contract was the deadline set by the UAW for filing of strike vote returns by local auto workers' 40 plants. The company employs 106,000 production workers.

Ken Bannan, UAW Ford director, said returns had been received from 43 plants. None of them, he said, had voted against a strike "to my knowledge."

The Ford contract, under a company-union agreement, will be extended on a day-to-day basis from now on. Either side may cancel the agreement on five days notice.

Another negotiating session on a new contract is scheduled Monday. Bargaining began June 2.

Unemployment Pay Rolls In Illinois Double In Year

Chicago, July 15—(AP)—Illinois unemployment compensation rolls have almost doubled in the last year.

Frank Annunzio, state director of labor, said today there were 167,498 claimants on July 2, compared with 88,178 on July 3 a year ago.

And the trend is upward, Annunzio says. The number of jobless seeking compensation benefits increased 10,762 from June 4 to July 2 of this year, he reported. This represents a climb of seven per cent.

Nearly 85 per cent of the compensation claimants are from Chicago, where the rolls jumped from 95,649 on June 4 to 107,343 on July 2—a gain of 12 per cent.

2 Towns Will Be Sprayed With DDT To Fight Polio

Carmel, Ill., July 15—(AP)—Dousing of two White county communities with DDT spray was planned today to fight poliomyelitis.

Norris City, which had its first polio death this week, will finance the spraying cost there through public subscription.

Mayor Gus Brandt of Carmel, the county seat, said the city would pay for the job there. Carmel has one polio case.

Workers will start the Carmel project tomorrow. Public buildings, the fairgrounds, a Baptist children's home, alleys and dumps will be sprayed with the insect killer.

Andy Glosdick of Springfield, state head for the National Foundation for Infantile Paralysis, said here that "we don't know" whether spraying would keep down polio. He added:

"It won't do any harm, and it might do a lot of good."

'Lucky' Luciano Wins Freedom But Exiled From Rome

Rome, July 15—(AP)—Dapper Charles "Lucky" Luciano won his freedom today, but Italian police barred his permanently from Rome.

After a week's stay in jail, the former New York vice king was cleared of conspiracy in a vast, international ring believed smuggling narcotics into New York from Europe.

However, Rome police apparently had seen enough of Luciano, who has been picked up periodically for questioning here ever since he was deported from the United States in 1946.

Oreste Barranco, chief of Rome's mobile police, said Luciano would be expelled from Rome and forbidden to return. In four days, Barranco said, Luciano must leave Rome and report to police at his birthplace in Sicily, Lercara Friddi.

After that Luciano will be at the disposal of police in his hometown village, a place he detests.

Barranco said Luciano, after reporting in Lercara Friddi, probably would be free to travel in Sicily or elsewhere in Italy—except Rome.

Macomb Mayoral Election Reversed By Circuit Judge

Macomb, Ill., July 15—(AP)—Throwing out the entire vote of one ward, a circuit judge overturned today the election of a Democrat as mayor of Macomb, holding a Republican was really elected.

Judge Burton A. Roeth upheld the claim of Anton Johnson, former Republican congressman, to the mayoralty. He declared Johnson duly elected.

He ruled invalid the 669 votes cast in the second ward in the April mayoral election because they were signed by an election clerk instead of the election judge, as the law specifies.

This overthrew the election of Harold Sullivan, Democrat. Attorneys for Johnson maintained Johnson is mayor, effective immediately. Sullivan's attorneys said their client is mayor at least pending an appeal of the judge's decision.

The city council will meet Monday night and some kind of a decision may be reached then.

The judge said that on the "admittedly good" ballots, Johnson was winner by 102 votes.

UAW Sets Up Plan To Get 10 Million To Finance Strike

Milwaukee, July 15—(AP)—The CIO United Auto Workers set up machinery today which would produce up to \$10,000,000 to finance any major strike.

And with just such a strike threatening at the Ford Motor Co., delegates at the union's convention today could be raised in only three months.

Though the move may have a tremendous bearing on the crucial auto industry bargaining ahead, it was much less dramatic than two other convention actions.

In one of them two left-wing unionists who admitted publishing what UAW President Walter Reuther called "dirty propaganda" were expelled from the union.

The two are Tracy M. Doll, former president of the Wayne county (Detroit) CIO council, and Sam Sage, the council's former secretary-treasurer.

1st Death Occurs In Polio Epidemic Around Centralia

Centralia, Ill., July 15—(AP)—This area's first polio death of the year was recorded today with the death of four-year-old Mary Trainor.

The girl died at St. Mary's hospital in East St. Louis about the time her six-year-old brother, Harold, had been confirmed as the community's 19 polio victim in the past 17 days.

Two other families in this area have had more than one child stricken in the recent outbreak.

The 17 cases reported this week are two less than the statewide total recorded last week.

Mayor H. B. Blanchard conferred by telephone with Dr. Roland Cross, state health director at Springfield. No restriction on public gatherings was ordered, however.

REPORT SHOWS STATE HIGHWAYS ARE SAFER

Springfield, Ill., July 15—(AP)—Illinois highways are getting safer. Motor vehicle accidents claimed 11 per cent fewer lives the first half of this year than to the midpoint of 1948.

Fatalities from last Jan. 1 through June 30 totaled 798 compared with 899 for the corresponding period a year ago.

The state highway division reported today the record for June showed a 14 per cent drop in road deaths. The figures were 133 for last month as against 154 in June, 1949.

To Hold Hearing On New Rutledge Trial Next Week

Cedar Rapids, Ia., July 15—(AP)—Hearing on the defense motion for a new trial in the Dr. Robert C. Rutledge, Jr., second degree murder conviction possibly may be held next week. District Judge J. E. Heiserman said today.

The judge said he would discuss with County Attorney William Crissman on Monday whether the state is ready to be heard.

The state will resist the 28-year-old St. Louis pediatrician's efforts to get a new trial on the charge that he murdered Byron C. Hattman, 29-year-old St. Louis aircraft engineer, in a hotel room here last November.

A district court jury on May 28 convicted Rutledge of slaying his wife's bachelor admirer. Sentence, which may range from 10 years to life in prison, will not be pronounced until the new trial motion is disposed of.

Whether the board will succeed in averting a strike in September is something nobody knows, but at least the crisis is over for the summer.

Admits He Helped Torture Jeweler To Get \$35,000

Chicago, July 15—(AP)—A 34-year-old Chicagoan has admitted police said today, that he helped torture a Peoria jeweler and his wife and rob them of between \$25,000 and \$50,000 in jewelry.

Field is Edward Klein, who has served three jail terms for robbery. Klein was arrested here last night by Detective Emil Smicklas of the Chicago police robbery detail and Ben Markowski, chief of Peoria detectives.

Markowski said the prisoner admitted he was one of five bandits who invaded the home of Mr. and Mrs. John P. Minder of Peoria or May 23, tortured them by burning their bodies with lighted cigarettes, and took the jewelry from Minder's store.

The Peoria detective chief said Klein also admitted he was one of four men who took four registered letters valued at \$875.32, a diamond ring, \$143 in cash, title to an automobile and a radio from the owner of Woods drug store in Peoria on March 13.

In one of them two left-wing unionists who admitted publishing what UAW President Walter Reuther called "dirty propaganda" were expelled from the union.

The two are Tracy M. Doll, former president of the Wayne county (Detroit) CIO council, and Sam Sage, the council's former secretary-treasurer.

British Jury Frees Man Of Charge Of Raping Own Wife

Leeds, Eng., July 15—(AP)—A British jury freed a truck driver today of a charge of raping his own wife. Edward Clarke, 35, was acquitted after a two-day trial.

The prosecution's case was based on a magistrate's separation order which said the wife, Mrs. Mary Clarke, was "no longer bound to cohabit with her husband" because of cruelty. They lived apart.

Mrs. Clarke complained that Clarke lured her to cut of the way place March 12 and was intimate with her despite her struggles.

Clarke admitted making love to her, but said she was willing. Clarke and Mrs. Clarke left the courtroom without speaking to each other.

Man Pays Damages Done By His Pigs

Philadelphia, July 15—(AP)—Robert H. Garrett, whose pigs found greener pastures on the other side of the fence, must pay for their special diet.

In a novel opinion today, Presiding Judge Chester H. Rhodes of the state superior court ruled Garrett must reimburse Mr. and Mrs. James Conislyman of Lancaster county \$400 for the corn and turnips the 26 pigs consumed.

Garrett claimed the pigs belonged to his brother but the jurist said that made no difference, he was the keeper.

MUST DOT P. AND CROSS T'S WHEN DEALING WITH RUSSIA

John Foster Dulles, foreign affairs adviser to the U. S. government, thinks the Russians stick to their agreements better when they're pinned down to details.
The idea is at least worth exploring at a time when numerous experts are convinced from past experience that no accord with the Russians has any value whatsoever.
In an interview with the United States News and World Report, Dulles says getting together with the Soviet Union on general terms means little because the generalities can be warped to fit widely varied interpretations.
He adds:
"In order to have an agreement with the Russians that is at all reliable you've got to spell it out in meticulous detail to be sure there is a real meeting of the minds and no easy way of evasion."
"That was done to a very considerable extent in Austria. I don't know what caused the difference—different people worked on it—but the Austrian set-up has worked quite smoothly."
"It defines in detail just what the respective rights and privileges are, what streets you walk on, what hour of the day you walk on them, when and where you get out of bounds. I have been told in Vienna there is little difficulty there."
In contrast, Dulles says, the arrangements between Russia and the West for the occupation of Germany are definitely inferior because they were couched in generalities.
If Austria is his only example, Dulles may be overlooking a prime factor. Tiny Austria, economically weak since its birth as an independent nation after World War I, may not figure too prominently in Soviet plans for control of Europe.

Would Russia observe even the detailed agreements in Austria if that country were a bigger prize?
Dulles concedes that no matter how the arrangements are phrased the Russians are "ingenious in thinking up ways to escape from consequences they don't like."
Skepticism seems a healthy, sensible attitude toward almost everything coming out of Russia these days. But that shouldn't prevent us from giving Dulles' idea a good try at some future conference with the Soviet Union.
Spelling out agreements to their fine details makes them rigid and often ill-adapted to emergencies where broad discretion ought to be used.
But in return for this loss of flexibility we might gain valuable practice in meeting Russian minds on down-to-earth levels where there can be no real misunderstanding.
If such agreements held up through many stresses and strains, a new climate of mutual trust might develop and provide an atmosphere for a major settlement in more general terms. Still, the Dulles idea has to pass some stiff tests before we reach that point.

Spelling out agreements to their fine details makes them rigid and often ill-adapted to emergencies where broad discretion ought to be used.
But in return for this loss of flexibility we might gain valuable practice in meeting Russian minds on down-to-earth levels where there can be no real misunderstanding.
If such agreements held up through many stresses and strains, a new climate of mutual trust might develop and provide an atmosphere for a major settlement in more general terms. Still, the Dulles idea has to pass some stiff tests before we reach that point.

Would Russia observe even the detailed agreements in Austria if that country were a bigger prize?
Dulles concedes that no matter how the arrangements are phrased the Russians are "ingenious in thinking up ways to escape from consequences they don't like."
Skepticism seems a healthy, sensible attitude toward almost everything coming out of Russia these days. But that shouldn't prevent us from giving Dulles' idea a good try at some future conference with the Soviet Union.

Joyce K. Arnold, Belleville Man Married Recently

Miss Joyce K. Arnold, daughter of Mr. and Mrs. Evelyn Arnold of this city, was united in marriage with Carl Allen Richards, son of Mr. and Mrs. Elmer Richards of Belleville, in a pretty evening ceremony which took place recently at the Murrayville Baptist church.

Mr. and Mrs. Carl Richards

The ceremony was performed by Rev. Ernest Dawdy, grandfather of the bride, assisted by Rev. Elmer Smart, before an altar decorated with baskets of white hydrangeas and larkspur.
The bride, given in marriage by her father, wore a traditional bridal satin wedding gown, fashioned with a new yoke, gathered yepum and long flowing train. Her fitting veil was caught with a matching tulle, and she wore a heart shaped locket, the gift of the bridegroom.
Mrs. Paul A. Dawdy, aunt of the bride, was maid of honor. She wore a sheer blue gown and carried a bouquet of tallman roses.
Henry E. Richards, brother of the groom served as best man.
Janet Dawdy of Patterson and Dorothy Flynn of Belleville, wearing yellow and blue formal, lighted the candles for the service.
Ushers were Harley E. Dawdy, uncle of the bride, and Robert Ross of Greenfield.
A reception was held following the service at the home of the bride's parents, 1001 West Greenwood avenue.
The couple are now at home at 407 Grand Apt. No. 7, in Carbondale, where Mr. Richards is attending the university.

Ashland Man Marks Birthday

Ashland—A potluck dinner was held Sunday at the home of Mr. and Mrs. Selbert Quinley in honor of Mrs. Quinley's father, John Foreman, on the occasion of his 82nd birthday.

Others present at the dinner were Mr. and Mrs. H. R. Quinley and son and Miss Donna Segren of Peoria; Mr. and Mrs. Clifford Ferman and son of Rushville; Mrs. Hattie Douglas of Pleasant Plains; and Mr. and Mrs. Charles Ferman and family, and Billy Quinley of this city.

Two Waverly Girls Attend Convention

Miss Betty Miesher, daughter of Mr. and Mrs. Clyde Miesher, and Miss Nellie Dossett, daughter of Mr. and Mrs. Floyd E. Dossett, all of Waverly, attended the regional convention of the Future Homemakers of America held July 11-14 at Columbus, O.
They left for the convention by a chartered bus, which carried 50 central Illinois girls and their chaperones. Chaperoning the Waverly girls was Miss Betty Parkes, state sponsor-elect of the Illinois Association of Future Homemakers.
Both girls are active in P.H.A. work at the Waverly High school, where Miss Miesher is a sophomore and Miss Dossett a junior. In August, Miss Dossett will attend the Illinois P.H.A. leadership training conference.

CHAPIN CLASS WILL SPONSOR DELEGATE TO CHURCH MEET

Chapin—Members of the Loyd's Willing Workers class of the Christian church voted to sponsor a delegate to the Youth Conference in Jacksonville, during the business session of their July meeting.
The meeting was held at the home of Mrs. Gertrude Goffinet with 17 members present.
Mrs. Amel McDaniel, chairman, directed the afternoon's program for which articles were read by Miss Maude White, Miss Adelaide Hamilton, Mrs. Joe Lashmer, Mrs. Meri Negenah, and Mrs. Frank Hymes.
Recruit John A. Hacker, Jr., son of John A. Hacker, 1137 Allen avenue, has been assigned to the fifth armored "Victory" division for eight weeks of basic training at Camp Chaffee, Ark.
Before entering service, Rct. Hacker worked as a mechanic with Barr's Laundry.
He has been assigned to Co. "A," 4th Armored Infantry Bn.

New York Stock Market

New York, July 15—(AP)—A flurry of buying lifted leading steel stocks today following news that the big producers had accepted the President's 60-day truce proposal.

During the morning the majority of steel stocks receded fractions to around a point. The losses were wiped out, and later replaced with fractional gains.

Higher prices were paid for U. S. Steel, Bethlehem Steel, Republic, Caterpillar Tractor and Eastern Air Lines.

Lower were Montgomery Ward, Deere, Lockheed, and Admiral Corp. Bulls tended upward in the bond market after a shaky start.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, July 15—(AP)—Hog prices ruled steady to 25 cents a hundred pounds higher today to finish off a contradictory week. Total salable supply for the week was estimated at 42,000 head, highest in more than four months, yet prices advanced during the week 75 cents to \$1.

Most good and choice butcher weight hogs sold from \$19.75 to \$23.00, the day's top, and some took \$19.75 to \$18.50 generally with the top reaching \$18.75.

Cattle too were contradictory this week. A total on sale figured at 38,500 was the most for any week since mid-September, but prices kept steady to in some cases 50 cents lower. Today's scant run went at \$22.50 for medium to medium to good slaughter steers and heifers, \$16.75 to \$18.50 on common and medium cows, \$20.50 to \$22.50 on medium and good sausage bulls, and \$26.00 and below on vealers.

Sheep and lamb trade was steady to weak. Spring lambs topped at \$26.50 and ewes at \$20.00. Overnight supplies amounted to around 7,000 hogs on sale, 1,000 cattle, 300 calves and 200 sheep.

WITH ALL-STAR

Chicago, July 15—(AP)—Halifax Ey. France, center Warren Beson and end Laverne Cagne, all of Minnesota, have been named to the college all-star football squad which will play the Philadelphia Eagles at Soldier Field Aug. 12.

Pollet Wins Own Game As Cards Beat Phils

Tigers Break Red Sox Win Streak At 8; Win 8-7

Detroit, July 15.—(AP)—Detroit's hit-hungry Tigers burst out in a rash of 17 safe blows today to whip Boston 8 to 7 and snap the Red Sox' eight-game winning streak.

The Tigers had to come from far behind to win. They got four runs in the ninth inning to give Paul (Dizzy) Trout his second victory of the year against five losses and hang a fifth straight defeat on Boston's Jack Kramer, who has yet to win a game.

Both pitchers were the third to be used by their clubs in the free-hitting game.

The Sox, who collected 10 hits in all off starter Hal Newhouser, Freddie Hutchinson and Trout, got off to a two-run lead in the first on Vern Stephens' 21st home run of the year with Ted Williams aboard.

They picked up two more in the fourth and three in the sixth to run up a 7 to 2 lead.

In the seventh, Detroit began to click. Three straight singles by Paul Campbell, George Kell and Pat Mullin accounted for one run in and sent Boston starter Ellis Kinder to the showers.

Earl Johnson got the side out with one more score and retired Detroit without difficulty in the eighth.

But in the ninth, with Detroit trailing by three runs, he wasn't so effective. Campbell led off with a double, Kell singled him to third, and he scored when Mullin grounded out.

Vi Wertz banged out a single that finished Johnson and brought in Kramer. His hit scored Kell.

Johnny Groth greeted Kramer with a resounding double, left fielder Aaron Robinson was given a free pass and Johnny Lince's fourth straight single scored the two runs that ended the game.

2 Tennis Stars Won't Return To Czechoslovakia

Gstaad, Switzerland, July 15.—(AP)—Jaroslav Drobný and Vladimir Cernik, Czechoslovakia's top tennis stars, rejected a Czech government order to return to Prague. They announced they were going into exile and hoped to reach the United States.

The two players had withdrawn from the Swiss International Tennis tournament yesterday after the Czech government withdrew permission to play here because two Germans and a Spaniard were competing.

This morning they announced they would play out the remainder of the tournament.

WHI Go To U. S.

In a statement issued on behalf of the two Czech players and in their presence by Ernest Scherz, head of the tournament organizing committee, the players said:

"We wish to state that we are sportsmen completely devoted to tennis and in no way connected with politics. We therefore have decided to respect Swiss hospitality and shall play to the end of the Swiss championship tournament at Gstaad. Nobody can prevent us from following our sporting ambitions, all less so because we have decided to go to the United States."

ACCURATE FOR DISTANCE

Except at long range, a rifle is no more accurate than a shotgun. A simple projectile travels farther in a straight line than a bunch of small shot.

MOST COMFORTABLE

Yankees Shutout Brownies 6 To 0

St. Louis, July 15.—(AP)—Yankee Catcher Yogi Berra, who in three years as a major leaguer has never been able to hit a home run in his home town of St. Louis, realized a lifetime ambition by belting two of them in Sportsman's park tonight and led New York to a 6-0 victory over the St. Louis Browns.

Pitcher Eddie Lopat handcuffed the last-place Browns with a five-hit performance. The triumph put the front-running Yankees six and a half games ahead of the runner-up Cleveland Indians, who lost to Philadelphia.

Berra, a product of the Italian neighborhood known as the hill, hit to the top of the right field pavilion with Joe DiMaggio on base in the fourth. In the sixth Berra blasted another pitch by Ned Garver to the same pavilion roof.

SWEEPING THE CITY CLEAN

Even the wind in the Windy City of Chicago won't blow this stuff away. Those are millions of sandflies whose carcasses are littering up the sidewalk in front of a lakeside restaurant. Seems the flies were attracted by the bright lights of the big city but betted their heads against the wall trying to get to them. Now Mrs. L. Hertzberg, who owns the restaurant, is stuck with the job of cleaning up the mess.

WORLD'S ODDEST SHOE

A flat block of wood, with a large knob which slips between the first and second toes, is the oddest shoe in the world. It is commonly worn in India.

DILIGENTI QUINTS ARE SIX YEARS OLD TODAY

Buenos Aires, July 15.—(AP)—The Diligenti's "five young imps," as their father calls the quintuplets, are six years old today.

Franco Jr., Carlos Albert, Maria Fernanda, Maria Esther and Maria Cristina Diligenti are expected to keep a large staff of servants on the go, when they celebrate tomorrow.

Their all speak English and French and their mother's native tongue, Italian.

PACIFIC PLANNER

President Elpidio Quirino of the Philippines, above, announced plans for the formation of an anti-Communist Pacific union to parallel the Atlantic union. He has already conferred with Generalissimo Chiang Kai-shek and together they decided that the Philippines, Nationalist China and Korea will take the initial steps toward formation of the alliance.

REFUGE By Mildred Cram and Harwood White

Copyright 1949, by NEA SERVICE, INC.

THE STORY: Mrs. Malone, a widow, has become the cook on a strange caravan bound for a mysterious destination. The caravan consists of a motor trailer pulled by a truck and driven by a uniformed chauffeur, Rudy, and a smaller trailer pulled by a man whom Victor, the Filipino who speaks like a college professor, drives. Everything is efficient and well planned, but already Mrs. Malone is beginning to wonder what kind of people she is working for. Her employer is Mrs. Everson, middle aged, but still good looking and who has the manners of a noblewoman. With her is a guest, the Marchese Belmont, who speaks with a foreign accent. Even Rudy, the chauffeur, seems strangely intelligent to Mrs. Malone. "You sure carry civilization with you," she tells Rudy. "That was the idea," he replies.

"I can tell you the story," Rudy began. And then hesitated. "I'm all ears," Mrs. Malone said.

"YOU don't have to believe anything I tell you," Rudy continued. "I'll give it to you straight, and you can take it or leave it..."

He rubbed his head reflectively. "To go back a ways: Mrs. Everson wasn't always rich. She started out as a waitress in Oklahoma and married a man much older than herself. I figure she had her eye on some old lecher she held. Anyway his wells came in."

"Lucky, wasn't she?"

Rudy shook his head. "No. She wasn't. They moved West and built a little house on top of a hill near Los Angeles. Pappy was a millionaire, all right, but he turned out to be ignorant and jealous and tight as the dickens. She did all her own housework, made her own clothes, never went anywhere. But she stayed with it. Twenty years. I guess she figured he'd die first, and then she'd have her fling."

"That's what I call a smart woman," Mrs. Malone said. "If you like them smart, I don't."

"You've got to hand it to her. She was patient... and faithful. She never let on she was unhappy, and she kept herself young. Not so bad! Then the old man died off—that was three years ago—and left her his millions."

"It wasn't in the papers," Mrs. Malone said. "No. She didn't want publicity. She was after position. A real place in the social sun. I know, because I was one of her first employees. I answered an ad in the paper, and here I am: driver, mechanic, bodyguard and father confessor to a rich dame."

Mrs. Malone inclined her head toward the Filipino.

"And Victor?"

"She stole Victor from a cocktail bar in Beverly Hills. The perfect houseboy. Unattached. Needs no sleep. Craves no personal satisfaction."

"It was on the tip of her tongue to ask: 'How come he talks like a professor?' But she checked herself. She must have made some sign, however, because Rudy smiled, a bit derisively she thought. "I know what you're thinking," he said. "Tell the lady, Victor. You graduated from Columbia, didn't you?"

"Yes, I did," Victor said.

"That explains it," said Mrs. Malone. "But why do you work as a houseboy—surely you have enough education to do something more?"

"It is not bad work," explained Victor. "The pay is excellent."

"Some day, when he has collected his stake," Rudy continued, "he'll go back home. Meantime he doesn't care much what he does or where he goes..."

Mrs. Malone met his eyes squarely.

"It happens I do care. Where are we going?"

He hesitated a moment, stirring the coffee in his cup, creating a small vortex of bubbles.

"The story is," he said at last, "we're on our way to a place of safety."

"I don't get you," she said.

"It's a long story," Rudy said. "Why don't you let it go at that? Everyone wants safety and security. Mrs. Everson thinks she knows where to find it."

"Safety from what?" Mrs. Malone asked.

"It's not an easy thing to explain."

"You might try. I'm fairly intelligent."

Rudy sipped his coffee. (To Be Continued)

Tests Reveal Farm Youth Died Of Arsenic Poisoning

State's Attorney Has Results Of FBI Tests Sent From Washington

Marvin Bruening, twenty year old Morgan farm youth, came to his death as a result of arsenic poisoning, State's Attorney Albert W. Hall revealed Friday following the receipt of laboratory tests made by the F.B.I. laboratories in Washington, D.C.

The coroner's inquest, deferred pending the completion of these tests, will be convened again shortly by Coroner C. H. Muehlhausen. The members of the coroner's jury were sworn in July 1, at which time an autopsy was ordered.

The Bruening youth died at Passavant hospital on Friday morning, July 1, after a period of protracted suffering. He was first admitted to the hospital on June 4 in critical condition.

Under Active Investigation

State's Attorney Hall said that the case has been under active investigation by his office and that of the sheriff since June 11 when he was first advised that Bruening's condition was possibly attributable to arsenic poisoning. Both the FBI and the State Bureau of Criminal Identification have been cooperating in an attempt to solve the case. Lie detector tests have already been given to several members of the family and are being continued.

Thus far no warrants have been issued and no one has been taken into custody.

Marvin first became violently ill on the evening of May 23. At that time he was living with his mother, Mrs. Leah Bruening, his brother, Bernard, and his sister-in-law, Mrs. Marie Bruening, all of whom also became sick and nauseated following an evening meal that day at the Bruening home. Chemical tests later showed that Marvin, Mrs. Leah Bruening and Mr. and Mrs. Bernard Bruening were all suffering from the effects of arsenic, Hall said.

Didn't Seek Attention

Apparently believing that their illness was merely the result of ptomaine poisoning, these members of the family did not seek medical attention for some time. Marvin's condition gradually became so bad that he had to be taken to the hospital as an emergency patient. The others never became critically ill.

John Bruening, father of the decedent, for some time prior to the incident, had been estranged from his wife and sons and was not living with them. A divorce suit, commenced several months ago, is still pending between John and Mrs. Leah Bruening. The home where Mrs. Bruening and the boys were living was recently sold at a master's sale pursuant to court decree in a partition suit brought by Mr. Bruening.

Report First Case Of Poliomyelitis In Morgan County

The first case of poliomyelitis for 1949 has been reported to the Morgan county health department. The child, two year old David Antle, 224 South Main street, has semi-paralysis of one leg.

Illinois had an increase of nine cases last week, and thirty more cases than this time last year. The number of cases has risen throughout the United States.

Treatment for these cases has not changed. Morgan county health officials say they should all be hospitalized as soon as detected.

To avoid the disease, doctors advise that children be kept out of crowds and at home as much as possible. They should not be allowed to over fatigue themselves, and they should not be allowed in any unprotected swimming pool.

Any parent who sees signs of the disease should contact the county health department.

Senate Will Vote On Atlantic Pact Next Thursday

Washington, July 15—(AP)—The Senate will vote at 3 p.m. (CST) next Thursday on ratifying the North Atlantic Security treaty.

Opponents blocked efforts to obtain a unanimous agreement to vote earlier. They apparently hoped to enlarge their core of resistance to the 12-nation alliance.

The pact is designed to confront Russia with a pledge that the United States, Canada, Britain and nine Western European nations will take measures to resist an attack on any one of them.

A two-thirds majority of those senators voting is required to commit this nation to the treaty, and proponents claim enough votes to ratify it with ease.

House action is not necessary. But both chambers must approve if the pact is followed with a rearmament program for western Europe which soon is to be offered Congress.

Demented Negro Barricades Self In Hospital Room

Taft, Okla., July 15—(AP)—A demented Negro barricaded himself in a hospital ward today and took potshots at deputy sheriffs trying to get him out.

The patient, 45-year-old Rosenfelt James, vowed he wouldn't be taken alive.

He piled benches and chairs against the four doors of the 15x40-foot room on the ground floor of the three-story eastern Oklahoma mental hospital for Negroes.

Armed with a smuggled revolver, he shot at the deputies outside the building. Tear gas shells fired inside the room had no effect because of open windows on three sides, Dr. E. P. Henry, hospital superintendent, said.

Dr. Henry said the inmate had been on ground parole (freedom) of the hospital grounds but recently had walked off. Reluctance to leave the ward where he had more or less freedom apparently prompted his resistance.

Two Women Injured As Train Strikes Car Early Friday Morning

Two Jacksonville women narrowly escaped death early Friday morning when a heavily-loaded freight train struck their car on the railroad crossing at East State street.

The women, Mildred Smith and Dorothy Farley, employees at the Jacksonville State hospital, were both injured. The full extent of their injuries has not yet been determined, although they are not believed to have been hurt critically.

The accident occurred about 1:15 a.m., as the two women were traveling west on East State street, with Miss Smith driving her 1941 Chevrolet.

They apparently did not see the train, which was going north and struck the car on the right side, carrying it to a point beyond the C. & A. depot.

The women were taken to the State hospital by Raymond Davis. There they were treated by Dr. Lucas. X-ray examinations were made. Miss Smith is said to have sustained an arm injury, while Mrs. Farley reportedly had injuries to her left arm and leg. Both may have possible internal injuries.

The car was badly damaged and was towed to Lukeman's garage. Officers Stout and Will were called to the scene of the accident.

Two Killed While Changing a Tire

Chicago, July 15—(AP)—A cab driver and his passenger were killed early today when the car was sideswiped by a truck while the two men were changing a tire.

The dead are John Ambuhl, 30, the driver, and John Staszewski, Jr., 23, an International Harvester company employee.

Charles Zandstra, 47, of Route 13 Hammond, Ind., the truck driver, was held by police for the inquiry.

Police said that Ambuhl apparently had pulled partly off the road to change a tire on the left rear wheel which appeared to have remained on the paving. The cab was struck on the left side.

Parade Will Begin Annual Winchester Picnic And Burgoo

Winchester—A colorful and novel event will provide the kickoff for the annual Winchester American Legion burgoo picnic and homecoming on Thursday, August 4, when a tractor parade will be held.

The procession of decorated tractors will be led by the Winchester Bluffs Band and will include a color guard and firing squad from the Julian Wells Legion post, the Winchester Boy Scout troop, and the Winchester Girl Scout troop.

A number of entries have already been received by Don Dugan, parade chairman. Anyone of any age owning a rubber-tired tractor is eligible to participate in the event and may enter any time up to and including Wednesday, August 3, the day preceding the picnic, by contacting the chairman.

Prizes to be awarded the winners will include engraved trophies, free chances on a 1949 Ford, and attractive prizes of merchandise provided by the implement dealers in this area. The judges will review the parade from a platform vantage point on the north side of the business district.

The parade will form in back of Winchester Community high school and will move promptly at 11 a.m. through the business district and out North Main street to the Mount Pleasant park where the winners will be announced.

Tokyo Rose's Life Story Is Heard At Her Treason Trial

San Francisco, July 15—(AP)—The life story of Tokyo Rose—complete with school-girl crush on actor Jimmy Stewart—was read in U. S. district court today.

It was a synopsis of what Mrs. Iva Toguri (D'Aquino) may tell the jury trying her on a charge of treason.

The story came from a photostatic copy of notes made by Clark Lee, former war correspondent, when he interviewed the American-born Japanese in Tokyo while the smoke of war still hung over the city.

The notes were read by United States Attorney Frank Hennessy. They were signed by Mrs. D'Aquino.

Written in brief phrases and sentences, the notes outlined the highlights of Mrs. D'Aquino's life from her childhood days in Los Angeles to the date of the interview, Sept. 1, 1945.

They told of her school days—how she and other girls had a school-girl crush on Movie Actor Jimmy Stewart.

Then came accounts of her going to Japan to visit her sick aunt.

Commit Woman To State Hospital-- 17 Cats Too Many

Sullivan, Ill., July 15—(AP)—Two women who were found living in a three home house with 17 cats, 11 dogs and several snakes were brought into Moultrie County court today.

Miss Lucille Wright, 50, was ordered committed to the Jacksonville State hospital by County Judge Rodney Scott, after a commission of physicians judged her insane. Miss Wright's mother, Mrs. Dora Wright, about 80, an invalid, was taken to St. Mary's hospital at Decatur for treatment.

Authorities told the judge the house in which the women resided at Gray, south of here, was filled with trash and dirt, in addition to the animals and reptiles. Miss Wright had been working in a Mattoon restaurant.

Forty-Two Boys Will Compete For Soap Box Derby Championship

Forty-two boys will pit their skill against one another Sunday afternoon when the All-American Soap Box Derby gets underway on Grove street at one o'clock.

All racers have been inspected and are ready for action. They are at the Chevrolet garage on South Main and cannot be touched by the contestants until the morning of the race. Derby officials state that the cars checked are the best in ten derbies which have been run in Jacksonville and reflect the lessons of earlier races.

Prompts at 1 p.m. John English will roll down the ramp at the corners of Park and Grove to set the pace for the 1949 derby. English was the Jacksonville representative at Akron last year. It is expected that his time will be bettered by the new champion.

Taking No Chances
Taking no chances, Exchange club officials have marked off three blocks past the Westminster street finish line as safety zone territory. No one will be allowed in the zone except finish line men who will help the speeding cars get stopped.

All families on Grove are asked to remove their cars from garages early Sunday morning. A fence to hold back the crowd will be erected from Park to Diamond.

Immediately after the championship heat, prizes will be awarded at the Park street ramp.

Following the race, the champion will repair his car and get it tuned up for the Akron race, which will be held August 14.

Construct Ramp
At 7:30 a.m. a large ramp will be constructed at the east end of the Illinois college campus. Firemen will wash down Grove to remove all possible sticks and stones. Palbearers will brighten the middle and finish lines. Several scores may well arrive at a fence from Park to Diamond which will hold back the spectators and protect the crowd from misguided cars.

A new feature this year will help city police in traffic control. All men assigned will be from Co. G, 123d Infantry.

The Red Cross will construct a

Anna Williams Of Ashland Succumbs Friday Afternoon

Ashland—Mrs. Anna Elizabeth Williams, wife of W. S. Williams, passed away at her home Friday afternoon at 4:35 after an illness of nine months.

Born March 3, 1864, in Winchester, Mrs. Williams was the daughter of Thomas and Mary Margaret Montgomery Chapman. In 1880 she married Tammahill, who preceded her in death.

At Anna, Ill., on March 30, 1886, the decedent was united in marriage to W. S. Williams, a jeweler in this city, who survives. Also surviving are one son, Samuel T. Damon, of Downers Grove; and one brother, Joseph Chapman, of Winchester.

Resident of Ashland for the past 50 years, Mrs. Williams was a member of the local Methodist church, W.S.C.S. Martha class, and Ashland Woman's club.

Funeral services will be conducted Sunday at 2 o'clock at the Methodist church by Rev. W. W. Harding.

Friends may call at Gainer Funeral Home until the hour of the service.

Infant Burns Self With Hot Water

John Owens, one-year-old son of Mr. and Mrs. Robert Owens of Murrayville, sustained first and second degree burns to the upper part of his body early Thursday evening when he pulled a container of hot water over on himself.

The infant was brought to Our Saviour's hospital and treated by Dr. V. J. Lenth. He was admitted as a patient Friday morning.

His condition was reported as satisfactory late Friday.

PROGRAM PRESENTED AT CLUB MEETING

Bluffs—The Women's Society of Christian Service met Thursday afternoon in the church with Mesdames James Dugan, Ella Love and H. P. Woford as hostesses. The meeting was called to order by Dr. President, Mrs. Gus Andrews. Devotions were led by Mrs. Corvella Leonard.

The lesson, "The United Nations," was given by Mrs. Beulah Ritter, Mrs. Margaret Watson, Mrs. Glenn Grigsby, Mrs. Floyd Hart, Mrs. O. A. Woodson and Mrs. Fay Mall. This was one of the most interesting and instructive lessons of the year.

Roll call was answered by 19 members, with a Bible verse using the word "peace." A short business session was conducted with various correspondence read and it was planned to can fruit for Chaddock Boys' school.

At the close of the meeting a lovely spiritual thought was given by Mrs. Cynthia Newberry. Delicious refreshments were served by the hostesses. The next meeting will be at the home of Mrs. Harold Oakes with Mrs. J. M. Pine and Mrs. Cornelia Leonard as assistant hostesses.
